Note for Parents

For 16 years I have been instructing goaltenders around the world along with playing and coaching the great game of hockey. Consistently coaches, players and parents are commenting on my skating ability and goal scoring ability. It only makes sense that after 25 years as a goaltender I understand where the trouble spots for goaltenders are and now I would like to share them with players around the country. Thus the introduction to goal scoring and power skating camps.
