Briere's Goalie School Academy

Goalie Coach / Instructor (Paid, Monday-Thursday)

weekly — Monday to Thursday, 3 hours on-ice — Lumberyard Arena, Stillwater Minnesota

About Briere's Goalie School Academy

Briere's Goalie School Academy is a goalie-only training program built on 12+ years of NHL-level goaltending coaching experience. We're growing fast — more goalies, more sessions, more ice time — and we're looking for a coach who can deliver the same standard of instruction that's built our reputation.

About the Role

This is a standing weekly commitment: 3-hour on-ice block at Briere's Goalie School Academy.

What You'll Do

- Coach a 3-hour on-ice block Monday to Thursday, covering groups of 4-6 Goalies
- Break down technique — skating, positioning, rebound control, post play, puck tracking — in terms goalies and parents both understand
- Provide off-ice feedback, including video review when applicable
- Communicate progress and development plans directly with players and parents
- Help refine drills and curriculum as the academy grows

What We're Looking For

Required:

- Played goaltender at the junior, collegiate, or professional level
- Ideal candidates are proficient skaters with strong puck-handling and shooting abilities, as coaches are expected to replicate game-like situations and deliver accurate, high-quality shots
- Comfortable coaching youth players and communicating with parents
- Available every Monday to Thursday for a 3-hour on-ice session
- Reliable, coachable, and genuinely invested in player development

Preferred:

- USA Hockey coaching certification
- Prior experience running private lessons or clinics
- Experience with video or off-ice skill breakdowns

Schedule & Compensation

$25–$40/hour, based on experience, with a paid commission structure

How to Apply

Send your playing/coaching background to sbriere@brieresgoalieschool.com or apply directly through this posting.
